Absent: ,

Minutes: Minutes of April meeting; move by Stefanie, second by Jamie to approve minutes. All in favor; minutes approved. Minutes of May meeting move by Mark, second by Kit to approve minutes. All in favor; minutes approved.

Course Data Reporting: CS all reported in Business program. CM 101, 102, 120, 115, and 240 are all reported in Communications program review. All other CM courses are reported in Humanities program review. Brandon and Brent suggest these courses be reported in Communication program review. Brent moves that the CM courses be reported in Communicatons second by Beth Whisler. Motion passed.

Program Review

Data: Evaluator and visitor evaluations and comments on the presentations presented (available in calendar invite).

Process: Process was informative. Some commented that it is helpful to see other programs. If it continues in future, more time is needed for presentations. The feedback was limited in this setting and the opportunity to get into the budget process was not available in this type of setting. Discussion about going back to budget “hearings” and more details about the programs and their needs. It would be better for the comprehensive program reviews to have open presentations not annual.

General Education

Results from the evaluation of artifacts presented. Common assignments and common rubrics for general education courses. The institution has room for improvement.

2020-2021 Program Review

Currently underway with work time scheduled for all programs.
